

**COMMERCIAL QUOTATION**

Hospital Management System (HMS)

Three delivery packages for the MERN-based HMS platform, scaled by role coverage and mobile reach — from a lean three-role web console to a full 10-role suite with a Flutter companion app.

QUOTATION DATE 27 Jul 2026	PREPARED FOR Valued Client	PREPARED BY Speshway Solutions	VALIDITY 30 Days
--------------------------------------	--------------------------------------	--	----------------------------

Package Options

Each plan is a complete, deployable build — not a trial or limited edition. Scope differs by role coverage and platform only.

1 Essentials

STARTER

Admin, Doctor & Patient roles only, on web.

₹1.6 Lakh / one-time**🕒 25-day delivery**

- Platform: Web (React) only
- Admin — hospital overview, branch/dept, doctor & patient mgmt, appointment & billing oversight, staff/inventory, audit & roles
- Doctor — schedule, telemedicine, EMR & e-prescriptions, lab/radiology requests, follow-ups
- Patient — profile, booking, medical history, reports, bill payments, notifications
- Shared Node.js/Express REST API & MongoDB backend

2 Complete Web

FULL SUITE

All 10 roles, web only.

₹4.5 Lakh / one-time**🕒 45-day delivery**

- Platform: Web (React) only
- All roles in Plan 1, plus:
- Reception — registration, booking, queue/token, admissions
- Nurse — vitals, medication tracking, bedside notes, discharge support
- Laboratory — test requests, sample tracking, digital reports
- Pharmacy — dispensing, inventory, batch/expiry, billing
- Accountant — billing, insurance claims, payroll, revenue/tax reports
- Ambulance — dispatch, fleet & driver management
- Super Admin — multi-hospital, licensing, global analytics, compliance

3 Web + Mobile

ENTERPRISE

All 10 roles on web, plus Flutter mobile app for Doctor, Patient & Nurse.

₹6 Lakh / one-time

🕒 3-month delivery

- Platform: Web (React) + Mobile (Flutter — Android & iOS)
- Everything in Plan 2 (all 10 web dashboards)
- Mobile app for Doctor — schedule, telemedicine, e-prescriptions on the go
- Mobile app for Patient — booking, records, video consults, payments
- Mobile app for Nurse — vitals, medication tracking, alerts on the move
- Single shared backend across web & mobile, real-time sync

Role & Platform Comparison

ROLE DASHBOARD	PLAN 1	PLAN 2	PLAN 3
Admin	Web	Web	Web
Doctor	Web	Web	Web + Mobile
Patient	Web	Web	Web + Mobile
Reception	—	Web	Web
Nurse	—	Web	Web + Mobile
Laboratory	—	Web	Web
Pharmacy	—	Web	Web
Accountant	—	Web	Web
Ambulance	—	Web	Web
Super Admin	—	Web	Web

Delivery Timeline

Plan 1		25 days
Plan 2		45 days
Plan 3		~90 days

What's Excluded (All Plans)

The following are outside the quoted scope across all three packages and will be estimated separately if required.

- Domain registration & SSL certificates
- Cloud/VPS hosting costs (AWS, DigitalOcean, etc.)
- Third-party SMS / WhatsApp / email gateway charges
- Payment gateway merchant account & transaction fees
- Play Store & App Store developer account fees & listing
- Video consultation infra usage charges (e.g. Agora/Twilio)
- Insurance provider / TPA API integration unless specified
- Data migration from an existing legacy HMS
- Hardware — biometric devices, scanners, POS printers
- Post-launch content population (departments, doctor profiles)
- Ongoing AMC / maintenance beyond the 3-month free support window
- Custom regulatory certification (e.g. HIPAA/ABDM formal audit)

Future Scope

Enhancements available as phased add-ons once the core platform is live — scoped and quoted independently when the client is ready.

ABDM / Health ID Integration

Interoperable health records & government scheme eligibility.

AI-Assisted Diagnostics

Symptom-checker triage, drug-interaction alerts, imaging pre-screening.

Insurance & TPA Auto-Claims

Real-time claim submission & cashless approval tracking.

IoT Bed & Equipment Monitoring

Live vitals feed & real-time asset tracking.

Mobile Apps for Remaining Roles

Extend Flutter app to Reception, Lab, Pharmacy, Accountant, Ambulance.

Advanced Analytics & BI

Predictive staffing models & exportable executive dashboards.

Multi-Language & Multi-Currency

Regional language UI & multi-currency billing.

Pharmacy & Lab Marketplace

Home sample collection & e-pharmacy delivery.

Post-Launch Support

Every plan includes **3 months of free post-deployment support** from go-live, covering bug fixes, minor configuration changes, and deployment assistance. Extended AMC beyond this window is quoted separately on request.
